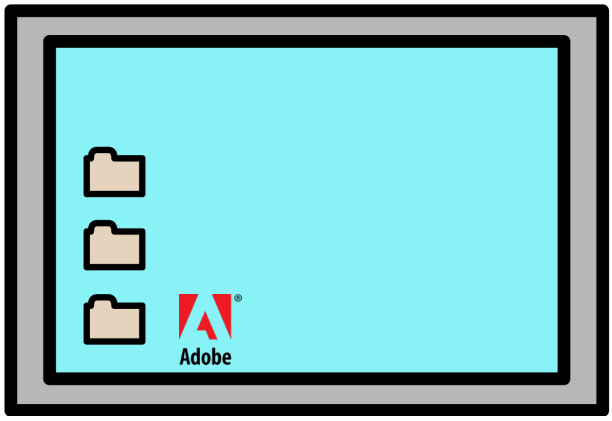
Individualized Name Practice in 3 Easy Steps!

Step #1

Download the product & open in **Adobe**.

You need to open and edit the name pages in ***Adobe Reader***.



Step #2

Open the file in **Adobe** & type your class list (up to 24 names).

My Class List *Spaces 22—24 can be used for longer names. Extra pieces will be printed on pg. 110.

	Name	Enter 1 letter in each box

Frequently Asked Questions

Why don't the fonts look right on mine?

This happens when you open and edit this name file either in a generic PDF reader or through a "Preview" web browser. The file is only editable through Adobe.

- Make sure you have the most up-to-date version of the free Adobe Reader.
- Download the name activities to your computer.
- Close your internet browser.
- Open Adobe Reader then click on "File" -> "Open" and click on the name activity in your downloads.
- You will be able to edit the names and print it correctly.

How long can the names be?

These activities can accommodate names up to **12 letters**.

- When you enter the names on your class list, use spaces #1-21 for names that have 8 or fewer letters.
- Names with 9-12 letters should go in spaces #22-24.

What happens if I have more than 24 students?

This name activity file is reusable so you can use it with more than one class, year after year. You can use it as many times as you want. Here are 2 ways to do it:

- Download and save the file multiple times. You can label them "4s class" and "5s class" or "2022" and "2023" etc.
- After you use the file for your class, just delete all of the names from the class list and type in a new set of names.

How can I edit this on my iPad?

- Unfortunately, Apple and Adobe do not work well together. The file is only editable with Adobe. The easiest thing to do is download the file to a computer (not a tablet, iPad, or mobile device). Open Adobe and edit from there.
- Another option is to research PDF apps for the iPad that will convert Adobe files to fillable forms. (We've heard good things about the Lumin app.)

I need more help with this. Who can I contact?

- If you purchased this resource on TpT, please contact their tech support for help: https://www.teacherspayteachers.com/Contact
- If you purchased this resource directly from Play to Learn Preschool, please contact us via email for help: PTLpreschool@gmail.com

Letter Matching

Objective: Students will recognize letters of the alphabet in their name.

Preparation: Use the class list to print a basket card and apple letters for each student. Cut apart the apple letters and place all pieces in an envelope or zip-top bag.

Procedure: Lay the basket card and apple letters on a table for the students to match. Attach a small pocket to the back of the basket card to store the apple letters. Students use the apples to create their name.

Helpful Hint:
Write the student's initials on the back of each apple in case they get mixed up.

Additional Practice: The customized name worksheets are a great way for pre-K students to gain additional practice in writing their names. Print off the worksheets to use in conjunction with the hands-on practice. Use one page each week as a wrap-up to the independent practice.
