Everything is planned for you!

Introduction to activate prior knowledge.

Real-life photos to generate discussion.

Objectives written in kid-friendly language.

Songs, poems, games, and more!

Daily extension activities, including ASL instruction.

Step-by-step directions for each activity.

Beautiful Birds

Day 1 lesson plans

Introduction

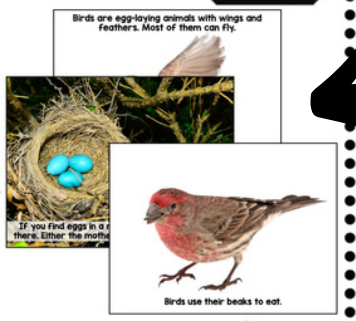
Birds come in many different colors and inhabit every part of the Earth. Most birds can fly, but some cannot. Birds have feathers, a beak, and lay eggs.

Objectives:

- The students will notice similarities and differences and ask questions.
- The students will demonstrate an understanding of print concepts.
- The students will sort objects by property.

Activities:

1. Bring in (clean) feathers and eggs for the children to touch and hold. Show the pictures of birds and talk about what makes the animal a bird, such as it has feathers, wings, and a beak.
2. Label the different parts of a bird.
3. Play the Fly/Not Fly sort on a pocket chart. Instruct the students to flap their arms like a bird if the animal flies.



Extension Idea:
Teach the ASL sign for bird.

Testimonials

Extremely Satisfied!

My students loved this unit. Play to Learn provides age appropriate info to learn about the different birds. Great visuals.
- Susan B.

I have several of Play to Learn circle time units, and they have all been a life saver for me. This one does not disappoint! I love all the pictures and extra activities for the students to do. Thank you!
- Denise T.

IThis is such a beautiful unit and it has really helped the children take note of what type of birds we have in Ireland too compared to America. - Heather O.
