Folder Games for Emergent Readers

It is important for emergent readers to know the way letters look in different print formats. Allow students to practice working on letter knowledge with these fun and engaging font sorts.

Font Sorts

File Folder Games

Objectives:

- The students will recognize letters of the alphabet.
- The students will sort objects by property.

Preparation: Print the pages in color. Glue the title page to the front of the folder. Glue the next 2 pages inside the folder. Laminate the letter pieces and cut out. Attach an envelope or baggie to the back of the folder to store the pieces.

Procedure: Students choose a letter card and place it on the correct side of the work mat – upper case or lower case.

"A" Font Sort

The letters C, K, O, S, V, W, S and Z are too difficult for young children to sort because the upper and lower case versions are nearly identical. Therefore, they are not included in this pack.

The P and Y sorts can be tricky too, because they depend on their placement in relationship to other letters. If they become too frustrating for your students, just skip them!
