File Folder Games

Objective: The students will count sets to 5 and 10 and make combinations of objects to create each set.

Preparation: Print each page. Attach the cover the front of a file folder. Attach the work mats to the inside of the file folder. Laminate and cut the game pieces and place in a baggie attached to the back of the folder.

Procedure: Students remove games pieces and place correct number of pieces to match the number on the game mat.

Terms of Use:

Play to Learn resources are for personal classroom and home use only. They may not be used commercially.

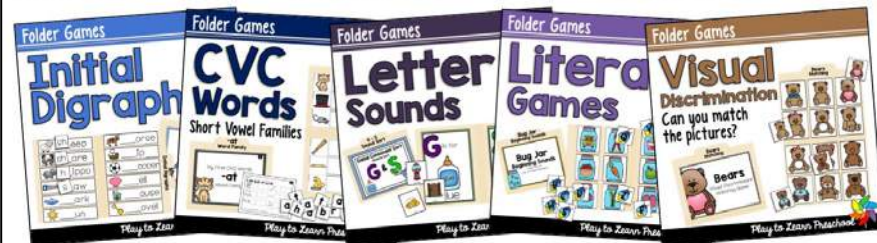

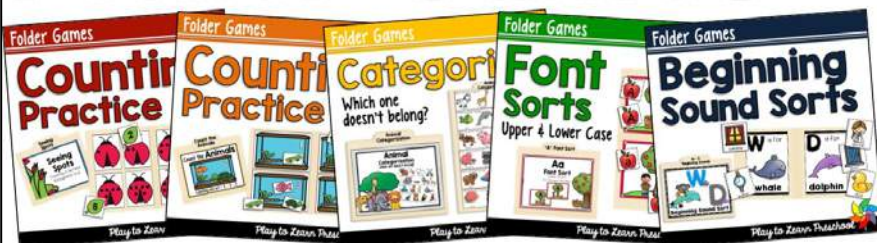

YES:

- You may use this resource at home with your own children or in your classroom with your own students.
- You may print copies for your own children or students.
- You may send printed copies home with your students.
- You may use these lessons yourself to provide virtual teaching videos for your own students who might be learning at home.

NO:

- You may NOT post this file to any file sharing website. (DropBox, Google Drive, Facebook, Amazon, SeeSaw, etc.)
- You may NOT resell these resources.
- You may NOT send these PDFs via email for students to print at home.
- You may NOT share these PDFs with colleagues via email or otherwise.
- You may not claim these resources or ideas as your own.
- You may NOT use these resources to teach lessons that you **sell** online. (Teaching your own students – great. Selling these lessons, even if you do them yourself, online – not permitted.) This includes OutSchool and similar platforms.

Folder Games

for Young Learners

Play to Learn Preschool

This huge bundle of folder games targets a variety of emergent literacy and math skills!
