

# Lots of Ways to Practice!

This set includes 6 pages with many different opportunities for students to learn to use art supplies, while practicing their names at the same time!

Type your class list

# Troubleshooting!

We want these name art books to work for you and are happy to help in any way we can. If you're having difficulty with them, please try this before emailing for assistance!

Is this you?!

Help! When I type the names into the document, the top of each one cuts off. The fonts look wrong and the formatting is wonky.

**No worries!**  
**We know what the problem is!**

You need to open and edit the name pages in *Adobe Reader*.

Many people don't realize that their computers have a default PDF reader installed. If you are on a Mac/iPad, that default reader is not Adobe. (Some other systems also have non-Adobe PDF readers.)

You think that you are using Adobe, but it is probably the generic version. Tricky, right?!

To fix this:

1. Download the Name Art Books file. Don't open it online.
2. Right-click (or double-click) on the file in your downloads folder & choose **Open With -> Adobe Reader**.
3. You may be prompted to choose Adobe as your default PDF reader. Say YES to avoid problems in the future. That's it.

If you have tried this and it is still not working feel free to email a screenshot to Jamie at [PTLpreschool@gmail.com](mailto:PTLpreschool@gmail.com). She will get it to work for you. Promise!
