Testimonials

These are great to have for independent work. The children know how they work, they enjoy using them and they can work independently.

- Heather O.

These number mats are great for working on number sense. I love that there are options for each season to keep students engaged.

- Melissa C.

Engaging, motivating and so much fun! - Gwen K.

My son loves using these mats. We lay them on the floor and it gets him moving around as he places the pictures on the corresponding mat. He's having fun while learning all of the different ways to show each number. The graphics are cute and colorful for each set. - Kathryn G.

Have fun playing and learning with your students!

Meet Jamie

Jamie is the founder and C.E.O of Play to Learn Preschool. She has her bachelor's degree in Early Childhood Education and a master's degree in reading education. She has taught in both public and private schools and works tirelessly to create meaningful and delightful preschool experiences for both her virtual and in-person preschool students.
