

Classroom Tested

These printables made it **super easy** for us to create and label our own airport for our airplane study. My children loved the details and I loved all the **environmental print** it added to our learning and play.

Teacher Recommended

I love all of the details that are included! The tickets are **fantastic** and I love that they coordinate with seat numbers. Betsy books are **my favorite** to use to introduce the center to my students.

-Tera T.

Betsy is excited to visit her grandma. She has to fly on an airplane to get to her house.

♥ When Betsy arrives at the airport, she goes to the counter to buy a ticket.

Student Approved

This was **everything we needed** to create an airport. **The children loved it!**

All of the visuals helped my DLL students and my inclusion students.
