## Twinkle, Twinkle, Little Star

Nursery Rhyme

Day 1 lesson plans

Additional rhyming poem or song. Teaching nursery rhymes to develop auditory skills and helps with speech development.

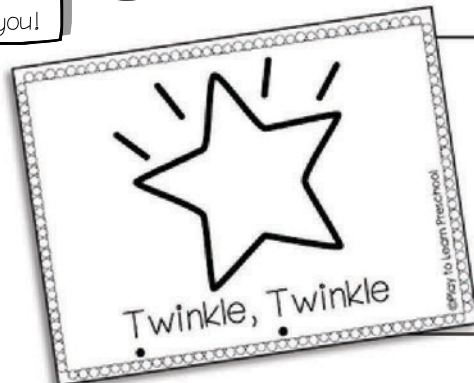

All develop listening and reciting a poem.

Print the poem, cards, and star on cardstock. Cut the cards apart and post high around the room visible from circle time. Tape the star to a dowel rod or pencil.

Read the poem to the students and invite children to join you in rereading it. If the students are familiar with the rhyme, repeat it again and have students take turns looking up around the room for the cards with items found in the sky. Students can use the star wand to point to the card as everyone says the poem with the replacement word.
