

# SNOW

## Preschool Unit

### Catching Flakes

A child is catching flakes in the soft, falling snow.

Pick a little snowflake—  
is the child below?

# Circle Time Lessons

**Day 1 Introduction - Snow**  
 Introduce the new unit: **Snow**.  
 Talk about characteristics of snow, take a poll, and recite a snow poem.

**Day 2 Snowflakes**  
 Look at the real pictures of snowflakes.  
 Notice patterns and identify shapes.

**Day 3 Snow Weather**  
 Look at the real pictures of snowy weather.  
 Sing a S-N-O-W-Y song and play an action dice game.

**Day 4 Snow People**  
 Look at the real pictures of snow people.  
 Identify emotions with a snowman faces game. Recognize rhyming words with snowman cards.

**Day 5 Shoveling Snow**  
 Look at the real pictures of snow removal.  
 Sing a movement song about shoveling snow.  
 Play a letter identification carpet game.

**Introduction**  
 What is Snow?  
 Snow forms when tiny bits of frozen water join together in cold air. Children notice snow with their senses as they touch it, watch it, and walk through it.

**Objectives:**

- The students will answer questions.
- The students will play with words, sounds, and rhymes.

**Activities:**

- Show the real-life photographs of snow. Discuss the characteristics of snow using the "Snow is..." picture cards.
- Take a poll, "Have you ever seen snow?" Students use sticky notes or name cards to respond on a pocket chart or bar graph.
- Recite the "Snowflakes Falling Down" poem as a class. Teach the ASL sign for snow and sign as the poem is read.

**Extension Idea:** Teach the ASL sign for snow. Put two hands up. Fingers spread apart. Snow. Fingers and move hands down like snow is falling.

**Day 1 lesson plans**

**Snowflakes**  
 Key Masterpieces

Snowflakes grow into different shapes as they float through the sky. Looking closely helps children notice patterns in nature.

**Objectives:**

- The students will use visual discrimination skills to match objects.
- The students will recognize shapes.

**Activities:**

- Show the real-life photographs to the class. Point out the different shapes and patterns shown on each snowflake.
- Print the two pages of snowflakes, cut apart and mix. Place cards on 2 cards of a ten. If the snowflake is the same as the one on the card, place it on the card. If they don't match, place it on the side.

**Day 2 lesson plans**

**Snow Weather**  
 Flurries and Blizzards

Snowy weather can be gentle or strong, and the sky can change quickly. Words like *flurries* and *blizzards* describe what children see outside.

**Objectives:**

- The students will follow and directions.
- The students will repeat simple musical patterns.

**Activities:**

- Show the real-life photographs. Discuss the differences.
- Print the Snowy Weather Action Dice, then assemble as directed. Students take turns rolling the dice and the class act out the side rolled.
- Sing the S-N-O-W-Y song to the tune of "Bingo." Display letters S-N-O-W-Y and sing the song. After singing 3 verses, cover up the letter S with a picture of the snowflakes. Sing the second verse as "Whoosh! No-O-W-Y."

**Extension Idea:** Play a simple choose-to game. When you call "flurry," children do a side snowflakes gently falling. When you call "blizzard," everyone stomps feet. When you call "flurry," everyone freezes in place.

**Day 3 lesson plans**

**Snow People**  
 Stacking Snowballs

Making a snow person is fun in winter. Children notice how each snow person looks different depending on how it is built and decorated.

**Objectives:**

- The students will recognize other's feelings and respond appropriately.
- The students will recognize rhyming words.

**Activities:**

- Show the real-life photos. Discuss if anyone has ever made a snow person. Allow children to share their ideas.

**Day 4 lesson plans**

**Shoveling Snow**  
 Making a Clear Path

When snow covers the ground, people clear paths on the street and roller to walk or drive. Tools like shovels and plows are used to move snow out of the way.

**Objectives:**

- The students will play with words, sounds, and rhymes.
- The students will recognize letters of the alphabet.

**Activities:**

- Show the real-life photographs and discuss as a class.
- Sing the "Shovel in the Snow" song. Switch out "songs" with alternate words on cards. Students move along and pretend to do each action while singing.
- Play the "Where's the Snow?" memory game.

**To Play the Game:**

- Line up the pictures of the plows. Pick the right number of cards for your students. Identify the letters together.
- Hide the snowflakes under one of the plows and recite the poem to find it.
- Children guess where the snowflake is hiding by identifying the letter or the color.

**Day 5 lesson plans**

**Snowman Faces**

Make your own snowman faces. Use the snowman faces cards to make your own snowman faces. Use the snowman faces cards to make your own snowman faces.

**Day 4 lesson plans**

# Circle Time Lessons

## Day 6 Animals in the Snow

Look at the real pictures of snow animals. Recite a snow animals chip clip poem and sort animals by where they live.

**Animals in the Snow**  
Adapted for the Elements

Some animals live in snowy places and stay safe with special fur or colors. These things help them adapt to the cold environment.

**Objectives:**

- The students will count a set to 5 and make combinations of objects to create the set.
- The students will sort objects by property.

**Activities:**

- Look at the real-life photographs. Discuss what special features help the animal survive the cold, snowy weather.
- Recite the "5 Cozy Animals" chip clip poem. As you progress through each verse, remove an animal from the snow scene.
- Put the leafy paper cards in a pocket chart. Show the animals, one at a time, to the students. Students sort the animals based on if they live in the snow or not.

**Extension Idea:**  
Put an animal's sensory table fill the table with clear acrylic cow filler and plastic containers. Add objects for animals, insects, and bases for a one-of-a-kind experience.

## Day 7 Tracks in the Snow

Look at the real pictures of tracks in the snow. Match animals to their tracks with a puzzle game. Play a patterning game.

**Tracks in the Snow**  
What was here?

Snow can show footprints and marks left behind by animals, people, and vehicles. These tracks help children think about what passed through the area.

**Objectives:**

- The students will use new vocabulary.
- The students will notice and extend simple patterns.

**Activities:**

- Look at the real-life pictures. Discuss the patterns behind each set of tracks. What do you notice?
- Use 35 pieces of white paper to help each child find the vertical lines. Draw a student's name to the left of the paper.
- Use the picture cards to match with each verse.

**Extension Idea:**  
Use the picture cards to match with each verse.

## Day 8 Snow Sports

Look at the real pictures of people doing sports in the snow. Sing a snow sports song. Recognize patterns with a grid game.

**Snow Sports**  
Skiing, Sledding & Snowboarding

Snow sports use snow and ice to glide, slide, or move in new ways. Children may recognize skiing or going sledding on snowy days.

**Objectives:**

- The students will play with words, sounds, and rhymes.
- The students will notice and extend simple patterns.

**Activities:**

- Show the real-life photos to the class. Point out the different equipment used each activity in the pictures.
- Sing the "Slide Like This" song. Use the picture cards to assist with each verse.
- Play the Snow Sports Grid Game.

**Extension Idea:**  
Use the picture cards to assist with each verse.

## Day 9 Playing in the Snow

Look at the real pictures of things to do in the snow. Read a poem and act out motions. Sort activities by if they are done in the snow or not.

**Playing in the Snow**  
Winter Fun

Snow gives children new ways to move and explore outdoors. Rolling, stepping, and stepping snow encourages active learning.

**Objectives:**

- The students will demonstrate basic locomotor skills.
- The students will sort objects by property.

**Activities:**

- Show the real-life photographs to the class. Discuss the activities shown in each picture.
- Read the "Slushies" poem. Show each picture to the class.
- Use the picture cards to match with each verse.

**Extension Idea:**  
Use the picture cards to match with each verse.

## Day 10 Conclusion

Review information learned in the unit. Play a riddle game and draw a picture about snow.

**Conclusion**  
What Did We Learn?

Snow invites children to notice weather, animals, movement, and patterns in their world. Thinking about those snowy ideas helps connect what they learned across the unit.

**Objectives:**

- The children will actively participate in conversations.
- The children will draw and initiate the act of writing.

**Activities:**

- Ask children about their favorite activity was during this unit.
- Create a riddle bag. Place small pictures in each bag and attach the riddle. (Alternatively, use the included picture cards.)
- Ask the students what they have learned about snow during this unit. Students can show their pictures or teachers can transcribe their responses on the attached recording sheets.

**Extension Idea:**  
Make a memory tray with 10 small snow-related items. Complete plastic snowflakes, big snowflake, snow machine. Show the tray to the class, then remove the items and the student guess what is missing.

# Introduction

## What is Snow?

Snow forms when tiny bits of frozen water join together in cold air. Children notice snow with their senses as they touch it, watch it, and walk through it.

## Objectives:

- The students will answer questions.
- The students will play with words, sounds, and rhymes.

## Activities:

1. Show the real-life photographs of snow. Discuss the characteristics of snow using the “Snow is...” picture cues.
2. Take a poll, “Have you ever seen snow?” Students can use sticky notes or name cards to respond on a pocket chart or bar graph.
3. Recite the “Snowflakes Falling Down” poem as a class. Teach the ASL sign for snow and have students move like a snowflake falling down while signing as the poem is read.

Have you ever seen snow?	
Yes, I have.	No, not yet.
Elsa	Hans
Anna	Sven
Kristoff	Iduna
Oaken	

### Extension Idea:

Teach the ASL sign for **snow**. Put two hands up, fingers spread apart. Wiggle fingers and move hands down like snow is falling.

**Snow is cold, tiny ice that falls from the sky.**

**Snow on the ground looks soft and white.**

# Have you ever seen snow?

Yes,  
I have.

No,  
not yet.

soft

quiet

# Snowflakes Falling Down

Poem

Snowflakes falling down,  
Drifting to the ground.  
Soft and slow, here we go.  
Snowflakes falling down.

# Snow

Put two hands up, fingers spread apart. Wiggle fingers and move hands down like snow is falling.

# Snowflakes

## Icy Masterpieces

Day 2  
lesson  
plans

Snowflakes grow into different shapes as they float through the sky. Each snowflake is unique and different. Looking closely helps children notice patterns in nature.

### Objectives:

- The students will use visual discrimination skills to match objects.
- The students will recognize shapes.

### Activities:

1. Show the real-life photographs to the class. Point out the different shapes and patterns shown on each snowflake.
2. Print the two pages of snowflakes, cut apart, and mat. Place cards facing down. Students take turns flipping over 2 cards at a time. If the cards match, the student gets to keep the pair. If they don't match, they return them to the face-down position and try again.
3. Play the snowflake shape game.

#### Extension Idea:

Play a musical snowflake game. Put on some music. When it stops, children freeze in a "snowflake pose" with arms and legs stretched out.

### To Play the Game:

- Line up the pictures of the snowflakes. Pick the right number of cards for your students.
- Identify the shapes together.
- Hide a child under one of the flakes and recite the poem to find it.
- Children guess where the snowflake is hiding by identifying the number or the item.

**Every snowflake has lines, points, and shapes.**

**This snowflake has a hexagon in the middle.**

# Snowflakes

Each snowflake is different,  
But kind of the same.

Can you make a match?  
Let's play a game!

# Snow Weather

## Flurries and Blizzards

Day 3  
lesson  
plans

Snowy weather can be gentle or strong, and the sky can change quickly. Words like *flurries* and *blizzard* help describe what children see outside.

### Objectives:

- The students will follow oral directions.
- The students will repeat simple musical patterns.

### Activities:

1. Show the real-life photographs. Discuss the differences.
2. Print the Snowy Weather Action Dice, then assemble as directed. Students take turns rolling the dice and then, as a class, act out the side rolled.
3. Sing the S-N-O-W-Y song to the tune of "Bingo". Display the letters S-N-O-W-Y and sing the song. After singing the first verse, cover up the letter S with a picture of the snowflakes. Sing the second verse as "Whoosh!, N-O-W-Y".

Cold temperature helps snow stay on the ground.

Tiny snowflakes softly falling are called flurries.

Strong wind and blowing snow is called a blizzard.

#### Extension Idea:

Play a simple stop-and-go game. When you call "flurries", children dance like snowflakes gently falling. When you call "blizzard", everyone dances fast. When you call "freeze", everyone freezes in place.

Whoosh!

Whoosh!

**Cold temperature helps snow stay on the ground.**

**Tiny snowflakes softly falling are called flurries.**

**Strong wind and blowing snow is called a blizzard.**

# Snowy Weather Action Dice

- Copy this template, cut it out and fold it into a die.
- Children take turns rolling the die.
- As a class, mimic the movement shown on the die.

flurries

windy

freeze

blizzard

cold

snowstorm

## Snowy Weather Action Dice

- Flurries = wiggle fingers down
- Windy = sway arms side to side
- Blizzard = turn in a circle
- Cold = hug arms tight
- Snowstorm = big circles
- Freeze = stop!

# S-N-O-W-Y

To the tune of BINGO

The snow is falling  
all around.  
It's so cold and snowy.

S-N-O-W-Y  
S-N-O-W-Y  
S-N-O-W-Y

It's so cold and snowy.

Whoosh!

Whoosh!

# Snow People

## Stacking Snowballs

Day 4  
lesson  
plans

Making a snow person is fun in winter. Children notice how each snow person looks different depending on how it is built and decorated.

### Objectives:

- The students will recognize other's feelings and respond appropriately.
- The students will recognize rhyming words.

### Activities:

1. Show the real-life photos. Discuss if anyone has ever made a snow person. Allow children to share their ideas.
2. Sing the "Snowman Faces" song to the tune of "Where is Thumbkin?" Hold up snowman emotion cards and have students mimic each emotion.
3. Give each child a large white pom pom. Display one of the snowman pairs. If the pictures rhyme, tell the students to gently toss their snowball in front of them. If the pictures do not rhyme, they should hold the snowballs.

#### Extension Idea:

Invite students to create their own snowman at the art center using [Puffy Snow paint](#). Simply mix white glue with shaving cream to create a textured paint students will love.

more Puffy Snow Paint info.

# Shoveling Snow

## Make a Clear Path

Day 5  
lesson  
plans

When snow covers the ground, people clear paths so it's easier and safer to walk or drive. Tools like shovels and plows are used to move snow out of the way.

### Objectives:

- The students will play with words, sounds, and rhymes.
- The students will recognize letters of the alphabet.

### Activities:

1. Show the real-life photographs and discuss as a class.
2. Sing the "Shovel in the Snow" song. Switch out "scoop" with alternate words on cards. Students move along and pretend to do each action while singing.
3. Play the "Where's the Snow?" carpet game.

#### Extension Idea:

Add shovels and toy plows to the sensory table. Fill with road blocks, toy cars, and [Insta-Snow](#) so that students can clear the way.

### To Play the Game:

- Line up the pictures of the plows. Pick the right number of cards for your students. Identify the letters together.
- Hide the snowflake under one of the plows and recite the poem to find it.
- Children guess where the snowflake is hiding by identifying the letter or the color.

**A shovel is used to scoop and push snow.**

**A snow plow helps clear snow from the roads.**

# Shovel in the Snow

To the tune of Wheels on the Bus

The shovel in the snow goes

Scoop, scoop, scoop,

Scoop, scoop, scoop,

Scoop, scoop, scoop.

The shovel in the snow goes

Scoop, scoop, scoop,

To clear the snowy path.

scoop

push

Cut out the snowflake.

# Animals in the Snow

Day 6  
lesson  
plans

Adapted for the Elements

Some animals live in snowy places. They stay safe with special fur, by hiding, or by using white camouflage. These things help them adapt to the cold environment.

## Objectives:

- The students will count a set to 5 and make combinations of objects to create the set.
- The students will sort objects by property.

## Activities:

1. Look at the real-life photographs. Discuss what special features helps the animal survive in the cold, snowy weather.
2. Recite the "5 Cozy Animals" chip clip poem. As you progress through each verse, remove an animal from the snow scene.
3. Put the half page cards in a pocket chart. Show the animals, one at a time, to the students. Students sort the animals based on if they live in the snow or not.

### Extension Idea:

Set up an arctic animals sensory table. Fill the table with clear acrylic vase filler and plastic ice cube. Add in plastic toy animals, scoops, and cups for a one-of-a-kind experience.

see pictures of the  
sensory table  
by scanning here

**Thick fur keeps the polar bear warm in the snow.**

**Reindeer have special fur that keeps them warm.**

**White fur helps the arctic fox hide in the snow.**

# 5 Cozy Animals

## Chip Clip Poem

Five cozy animals,  
Sitting in the snow.  
One walks away,  
It was time to go!

Four cozy animals,  
Sitting in the snow.  
One walks away,  
It was time to go!

*Continue counting backwards.*

No cozy animals,  
Sitting in the snow.  
They've all walked away,  
There's no one left to go!

# Tracks in the Snow

Day 7  
lesson  
plans

## What was Here?

Snow can show footprints and marks left behind by animals, people, and vehicles. These tracks help children think about what passed through the area.

## Objectives:

- The students will use new vocabulary.
- The students will notice and extend simple patterns.

## Activities:

1. Look at the real-life pictures. Discuss the patterns behind each set of tracks. What do you notice?
2. Print the puzzles and cut apart. Pass out a  $\frac{1}{2}$  piece of puzzle to each student. Encourage students to help each other find their coordinating puzzle piece.
3. Print and cut the tracks and patterns. Post the vertical sheets at students' eye level around the room. Display a pattern card, read the poem, and have students move to the tracks that come next.

### Extension Idea:

Make copies of the track cards, separating the animal from the tracks. Adhere the tracks with painter's tape to the floor in a path around the room. Students follow the animal's tracks to finally find the picture of the animal posted at the end.

**A track is a shape left behind in the snow.**

**Animals make different tracks in the snow.**

**Tires make long, wide tracks in the snow.**

# Tracks in the Snow

Poem

# Snow Sports

## Skiing, Sledding & Snowboarding

Day 8  
lesson  
plans

Snow sports use snow and ice to glide, slide, or move in new ways. Children may recognize skiing or going sledding on snowy days.

### Objectives:

- The students will play with words, sounds, and rhymes.
- The students will notice and extend simple patterns.

### Activities:

1. Show the real-life photos to the class. Point out the different equipment each child is using in the pictures.
2. Sing the "Slide Like This!" song. Use the picture cards to assist with each verse.
3. Play the Snow Sports Grid Game.

Which one is missing?

#### Extension Idea:

Set up a ski chalet dramatic play center. Students can act out roles such as ski instructor, sales desk agent, café worker and customer.

#### To Play:

1. Copy template page onto 5 different colors of paper.
2. Create a grid where each column has the same item, and each row is the same color. Discuss the pattern and relationship of the cards.
3. Students close their eyes while the teacher removes one card.
4. Students determine which card (color and picture) is missing.

**You can ride a sled in the snow.**

**You can use a snowboard in the snow.**

**You can ski in the snow.**

# Slide Like This!

# Playing in the Snow

Wintertime Fun

Day 9  
lesson  
plans

Snow gives children new ways to move and explore outdoors. Rolling, stepping, and shaping snow encourages active learning.

## Objectives:

- The students will demonstrate basic locomotor skills.
- The students will sort objects by property.

## Activities:

1. Show the real-life photographs to the class. Discuss the activities shown in each picture.
2. Read the "Playing in the Snow" poem, then spin the wheel and have the students act out the motion.
3. Put the "You do this" and "You do NOT do this" cards in a pocket chart. Show the activity cards, one at a time, to the students. Students sort activities based on if it is something that should be done in the snow.

### Extension Idea:

Teach the ASL sign for **play**. Hold both hands at shoulder level with thumb and pinkie extended. Swivel hands back and forth.

**To make a snow angel,  
lay in the snow and move your arms and legs.**

**Snowballs are great for throwing.**

**A snow fort is a fun place to play.**

# Playing in the Snow

Movement Game

Playing in the snow  
Is fun to do.

Spin the wheel  
And I'll copy you!

### To Assemble:

Print the spinner on heavy cardstock or back to cardboard. Make and assemble the "action spinner." Open up a paper clip, push one end through the arrow and then the spinner. Fold the end of the paperclip down the back and secure with tape. Twist the other end to ensure the arrow does not fall off. (see diagram below)

# Conclusion

## What Did We Learn?

Snow invites children to notice weather, animals, movement, and patterns in their world. Thinking about these snowy ideas helps connect what they learned across the unit.

### Objectives:

- The students will actively participate in conversations.
- The students will draw and imitate the act of writing.

### Activities:

1. Ask children what their favorite activity was during this unit.
2. Create riddle bags. Place small plastic toys inside each bag and attach the riddle. (Alternatively, use the included picture cards.)
3. Ask the students what they have learned about snow during this unit. Students can draw their pictures or teachers can transcribe their responses on the attached recording sheets.

### Extension Idea:

Make a memory tray with 4-5 small snow related items. Examples: plastic snowflake, toy plow, small shovel, mitten. Show the tray to the class, then remove one item and the students guess what is missing.

## Riddle #1

I am tiny, frozen crystals that fall from the sky. I have 6 sides.

**Answer:** snowflake

## Riddle #2

You roll snow into balls and stack them to make me. I sometimes have a carrot nose.

**Answer:** snowman

## Riddle #3

I help move snow off the sidewalk. You use me to scoop and push snow.

**Answer:** shovel

## Riddle #4

I am a very big, strong snow storm. I blow and swirl snow everywhere.

**Answer:** blizzard

## Riddle #5

You sit and ride on me  
down snowy hills.

**Answer:** sled

## Riddle #6

I am made by lying in  
the snow and moving  
your arms and legs. I  
look like wings.

**Answer:** snow angel

## Riddle #7

I am left behind when  
something walks on the  
snow.

**Answer:** tracks

## Riddle #8

I am a big truck that  
pushes snow to clear  
the road.

**Answer:** snow plow

### Pre-Writing Paths

**Objective:** The students will understand the purpose of writing.

**Preparation:** Copy each page and place into a plastic sleeve (or print on cardstock and laminate).

**Procedure:** The students trace the path between the picture on the left to the picture on the right.

### Lacing

**Objective:** The students will control the small muscles of their hands.

pick, cut them  
Provide ribbons

### Cutting Practice

**Objective:** The students coordinate eye-hand movement and control the small muscles in their hands.

**Preparation:** Print a cutting page for each student. Demonstrate proper scissors usage, guide students to cut along the lines from the bottom to the top.

**Procedure:** The students will cut along the lines from the bottom of the page to the top.

### Patterning

**Objective:** The students will identify and extend simple patterns.

**Preparation:** Print the pattern cards and pieces, mat, laminate and cut apart.

**Procedure:** Students identify the pattern and extend it by placing

### Beginning Sound Clips

**Objective:** Students will identify the first sound of each picture and locate the corresponding letter.

**Preparation:** Print the cards, mat, laminate and cut apart.

**Procedure:** Students say the picture and listen for the first sound. Then they attach a clothes pin to the matching letter.

### Shape Sorting

**Objective:** The students will sort objects by property.

**Preparation:** Print, cut out, and laminate all pieces.

**Procedure:** The students will sort the objects by property and match it to the corresponding shape.

### Comparing

**Objective:** The students will compare objects.

**Preparation:** Print, mat, cut apart, and laminate pictures. Include each set of pictures in a separate envelope. Place headings on a pocket chart at students' eye-level.

**Procedure:** The students will select a set of pictures and compare the size of the pictures from smallest to largest on the pocket chart.

### Count and Clip Cards

**Objective:** The students will use visual discrimination skills to match the clothes pin when the answer is correct.

**Preparation:** Copy the picture cards. Glue into a File Folder Game.

**Procedure:** The students will use visual discrimination skills to match the clothes pin when the answer is correct.

### Visual Discrimination

**Objective:** The students will use visual discrimination skills to match the clothes pin when the answer is correct.

**Preparation:** Copy the picture cards. Glue into a File Folder Game.

**Procedure:** The students will use visual discrimination skills to match the clothes pin when the answer is correct.

### Journaling

**Objective:** The students will understand the purpose of writing.

**Preparation:** Print the journal prompts to write and draw on for the student if necessary.

**Procedure:** The students can use the journal prompts to write and draw on for the student if necessary.

# Lacing

**Objective:** The students will control the small muscles of their hands.

**Preparation:** Copy lacing sheets on cardstock, cut them apart, and use a hole punch to cut out circles. Provide ribbons approximately 1.5 feet long.

**Procedure:** The students take a piece of ribbon and, starting and number one, lace the ribbon from one hole to the next.

# Patterning

**Objective:** The students will identify and extend simple patterns.

**Preparation:** Print the pattern cards and pieces, mat, laminate and cut apart.

**Procedure:** Students identify the pattern and extend it by placing the next correct piece.

# Journaling

**Objective:** The students will understand the purpose of writing.

**Procedure:** Print the journal sheets. Students can use the journal prompts to write and draw a picture. The words can also be written for the student if necessary.

Learning to draw and write is a developmental process. Young children need lots of time and opportunities to scribble, draw, and write. This is called "emergent literacy." The following is a very *general* guide to how children progress:

## Early (ages 3-4)

- Read the prompt to the child and talk about it together.
- Encourage the child to draw a picture. It's okay if it is not yet a recognizable shape or image.
- Ask the child to tell about the picture. "Can you tell me about your picture?"
- Repeat what they say and write down your child's dictation on the lines. Be sure to date it!

## Intermediate (ages 4-5)

- Read the prompt to the child and talk about it together.
- Encourage the child to draw a picture.
- Ask the child to tell about the picture. "Can you tell me about your picture?"
- Encourage the child to write about it on the lines. (The child will likely make scribbles or letter-like formations.)
- Ask your child if they want you to write their dictation on the lines as well.

## Advanced (ages 5-6)

- Read the prompt to the child and talk about it together.
- Encourage the child to draw a picture and label it.
- Model for your child how to say a word, stretch it out and listen for the sounds that they hear.
- For example, if they draw a bear, say "bear." Listen for the B sound and write the letter B to match. Can they hear any other sounds? Maybe they can also hear and write the letter R.
- Children may ask for you to write words for them to copy on the lines. This is fine as long as you also encourage them to write the letters and sounds that they hear.

Name \_\_\_\_\_

Have you ever played in the snow? What do you like to do in the snow? Draw a picture below.

A large, empty rectangular box with rounded corners, intended for drawing a picture related to playing in the snow.

Two sets of horizontal lines for writing, each consisting of a solid top line, a dashed middle line, and a solid bottom line.

Name \_\_\_\_\_

Igloos are made from blocks of ice. Draw an igloo below. How many rooms does your igloo have?

A large, empty rectangular box with rounded corners, intended for drawing an igloo. The box is defined by a solid black border.

Two sets of horizontal lines for writing, each consisting of a solid top line, a dashed middle line, and a solid bottom line.

Name \_\_\_\_\_

Snowmen are made from large balls of snow. Draw a snowman below. What will you name your snowman?

A large, empty rectangular box with rounded corners, intended for drawing a snowman.

Two sets of horizontal lines for writing, each consisting of a solid top line, a dashed middle line, and a solid bottom line.

Name \_\_\_\_\_

I can draw the shapes.

## Terms of Use:

Play to Learn resources are for personal classroom and home use only. They may not be used commercially.

### YES:

- You may use this resource at home with your own children or in your classroom with your own students.
- You may print copies for your own children or students.
- You may send printed copies home with your students.
- You may use these lessons yourself to provide virtual teaching videos for your own students who might be learning at home.

### NO:

- You may NOT post this file to any file sharing website. (DropBox, Google Drive, Facebook, Amazon, SeeSaw, etc.)
- You may NOT resell these resources.
- You may NOT send these PDFs via email for students to print at home.
- You may NOT share these PDFs with colleagues via email or otherwise.
- You may not claim these resources or ideas as your own.
- You may NOT use these resources to teach lessons that you **sell** online. (Teaching your own students – great. Selling these lessons, even if you do them yourself, online – not permitted.) This includes OutSchool and similar platforms.

Find literacy, math, name practice, dramatic play, unit lesson plans, and more for preschool students.
